## Fitting your Parasol

- 1 Remove the Parasol and Clamp from packaging
- 2 Attach the parasol to the clamp by screwing it into the tubing
- 3 Turn the knob in an anti-clockwise direction to open the clamp then locate it over the pushchair chassis in the desired position
- 4 Turn the knob in a clockwise direction to tighten the clamp around the chassis.
- 5 Once tightened, you can then alter the angle of the parasol by pressing the button on the clamp and rotating to the desired position.
- 6 Your parasol has a quick release clamp. This enables you to leave the clamp attached to the chassis when the main parasol is removed. To do this press the quick release button and slide the parasol out of the clamp.

**We recommend that you remove the parasol and clamp before attempting to fold your pushchair/chassis, as this could cause damage to your parasol or pushchair/chassis.**
