WARNING
NEVER LEAVE YOUR CHILD UNATTENDED.
The safety of your child is your responsibility.

Regularly check all fittings and components are fully tightened and in good working order. If any parts have become worn or damaged then do not use the product and seek advice from your retailer or Silver Cross. Only use spare parts supplied by Silver Cross.

Be aware of the risk of open fire and other sources of strong heat, such as electric bar fires, gas fires etc. in the near vicinity of the wardrobe.

Never use the wardrobe if any parts are broken or missing.

Never drag or pivot the wardrobe. It must be lifted and moved by at least two people.

Before use, ensure the wardrobe is on a level, stable surface.

Do not allow children to climb on the wardrobe.

The wardrobe can be cleaned with a damp cloth. Never use bleach, abrasive or strong detergents. Thoroughly dry immediately after cleaning.

WALL STRAP INFORMATION

Never modify or change the wall strap in any way. Never use any other fittings other than those supplied to attach the wall strap to the wardrobe.

The wall strap provided is to be used with this product only.

Never use the screw provided to attach the strap to the wall. All walls are of different composition and it is important that the correct wall fittings are used. Consult a professional before attempting to attach the strap to the wall. No wall fittings are supplied with this product.

The wall strap must not be used to replace any other fittings supplied with this piece of furniture.

We recommend the wall strap is used in all cases. To improve the stability of the furniture an even wood or tiled floor is best. A carpeted or warped floor can enable the furniture to rock, increasing the potential of the furniture to fall over.
